Counsel,

Please find a Hightail link below with the documents responsive to Defendants' subpoena to Blegen & Garvey. Attached is the accompanying privilege log.

<https://spaces.hightail.com/space/pDoyWW72nj>

In addition to these documents, Plaintiff's post-conviction attorneys produced 901 prison phone call recordings. We would like to have a discussion regarding these recordings within the context of Defendant's request for prison phone calls writ large, given the burden of reviewing these calls, the implication of attorney-client privilege, and Plaintiff's position that they are disproportionate to the needs of the case. Please let us know your availability to discuss.

Thank you,  
Annie
